

Complete Solids Management

A Modern Group Company

A Steadfast Partner in Drilled Solids Management

Evolving with the New Oil and Gas Industry

As our industry continues to evolve, we are steadfastly implementing innovative ideas and improving on technology to provide our employees and clients with the safest, most efficient and cost-effective solutions available. At PMI, our objective is to provide superior solids control and zero discharge equipment in conjunction with best in class service to our customers.

The ONLY Variable Speed Cuttings Dryer

PMI's D4 VCD incorporates a proprietary enclosed gear drive assembly providing a guaranteed Class I – Division 1 and Class I – Division 2 drive system compliance. **No other dryer available on the market can make those same claims.**

- No Belts!
